
Why should I be chosen for the FELS?

Tomás Balaudo

The topics of this presentation will be

→ My personal information

→ My routine

→ My biography

→ Scholarship and Future plans

My personal information

→ January 26, 2001. Humberto Primo.

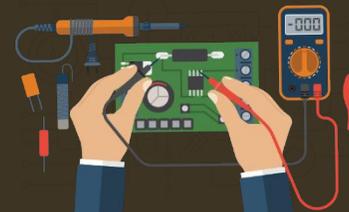

→ Electromechanical Technician.

→ IoT and 3D design enthusiast.

→ National Technological University, Paraná Campus.

→ Electronics Engineering.

My routine

→ In the morning

→ At noon

→ In the afternoon

→ At night

My biography

→ Technical School.

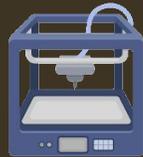

→ Best average of my course in 5 of the 6 years.

→ Internship at Richiger SA.

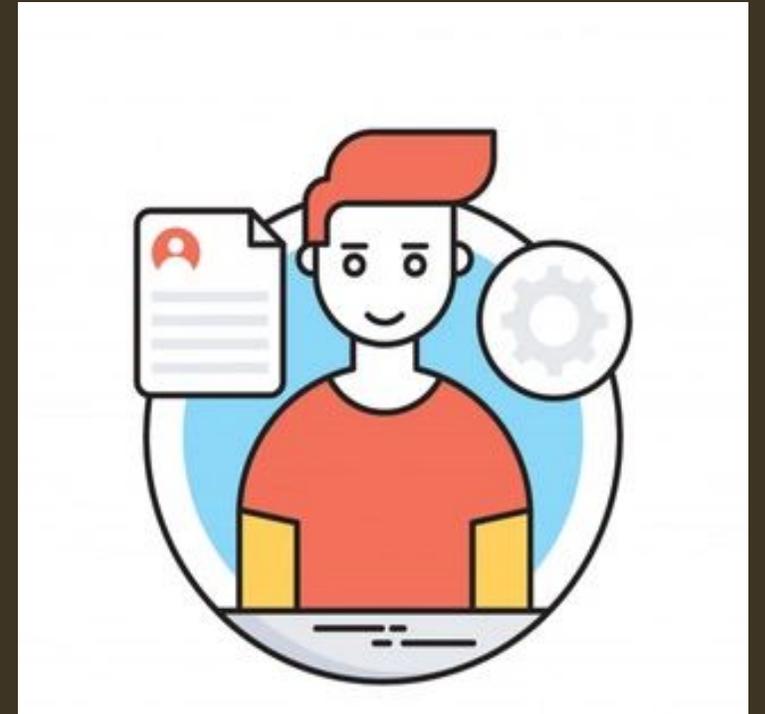

→ My own 3D printer creator.

→ A remote control for an overhead crane inventor.

→ Electronics engineering student.

Scholarship and future plans

→ Why Australia

→ Reasons for taking the course

→ Future plans

An illustration of a hand holding a sign. The hand is light-skinned and is wearing a dark red sleeve with a white cuff. The sign is rectangular and white, with the words 'THANK YOU!' written in bold, red, uppercase letters. The sign is held by a wooden stick. The background is a solid teal color.

**THANK
YOU!**

THE END
